

SUSTAINABLE

THIS ESTABLISHMENT
is proud to feature plant-based 100% compostable
To-Go! tableware.

Sugar cane paperware:

- ~Made from U.V. & steam sterilized byproduct left over from sugar processing.
- ~Whitened with a non-toxic & biodegradable peroxide bleaching process.
- ~Dioxin & petroleum free.
- ~Heat stable to 190 degrees, hot fluid capable, microwavable & freezable.
- ~Insulating, impermeable, oil & cut resistant.
- ~Home compostable in 30-120 days & recyclable with paper products.

Plant starch utensils:

- ~Made using 80% starch base & blended with cellulose & chitosan for rigidity.
- ~Heat stable up to 220 degrees.
- ~Compostable in approved composting facilities in 60-180 days.

Compostable hot cups:

- ~Certified 100% compostable & biodegradable (ASTM D6400).
- ~Featuring Ingeo™ "PLA" liner (derived from plant sugars).
- ~Better tasting beverage with NO petroleum distillates like benzene & styrene (known carcinogens) which typically leech into food & drinks from conventional petroleum-lined paper or foamed-plastic containers.
- ~Compostable in approved composting facilities in 60-90 days & recyclable.

Ingeo™ "PLA" cold cups:

- ~Annually renewable & petroleum-free bio-plastic derived from plant sugars.
- ~World's first greenhouse-gas-neutral polymer.
- ~Uses up to 68% less fossil fuel energy than traditional plastics.
- ~Compostable in approved composting facilities in 90-120 days & recyclable.
